

Sinclair Broadcasting's attempt to force 62 of their local stations to air an anti-Kerry propaganda documentary (put together by Swift Boat Liars and POW Crybabies) days before the election is a clear example of the dangers of media consolidation and a legitimate legal reason of why they should have their broadcasting license revoked.

Sinclair Broadcasting was obviously formed as a front for far right-wing extremists to gain control of the airwaves and propagate their views to the American public. Because they use the public airwaves free of charge and are obligated by law to serve the public interest, it is the legal responsibility of the FCC to either stop Sinclair from airing these lies before an election as "news"; force them to show one of the truthful documentaries Fahrenheit 9/11 or Going Upriver; or revoke their license altogether.

Thank you.
